Best Practices for Session 2021-22

A meeting of the IQAC was held during the session 2021-22 under the chairpersonship of Principal Govt. College Jind to decide the Best practices to be adopted by G.C.Jind. The committee discussed in detail and very fruitful inputs were given by committee members. Finally it was resolved in the meeting that college will implement **GO GREEN DRIVE**.

Under this drive, the committee decided that the Chief Guest/Resource Persons etc who are invited to the college during various programmes will plant atleast one sapling in the campus. In most of the institutions the Chief Guest/Resource Persons are gifted mementoes/gifts etc as a token of respect.

But G.C.Jind is probably one of the first institutions where the Guests are presented with plants only as a token of love and respect instead of mementoes. This practice will help spread awareness with regard to environmental pollution & will enrich the flora and fauna. It will also motivate students & faculty to be more sensitive towards nature and grow more and more plants.
