## Govt. College Jind

(In Existence Since 1961)

# Workload

- 
- A satellite is shown in space, oriented diagonally. It has a central body with various instruments and a large silver cylindrical component. Two long, rectangular solar panel arrays extend from the sides, each divided into several sections of blue solar cells. The background is a deep blue space with a thin layer of Earth's atmosphere visible at the bottom.

The background of the slide features a serene sunset scene. Two tall, slender trees stand in the center, their dark silhouettes contrasting against the warm, orange and pink hues of the sky. A bright sun is positioned low on the horizon, partially obscured by the trees, creating a lens flare effect. A full moon is visible in the upper portion of the sky, above the trees. The overall atmosphere is calm and natural.
